part

of

all that

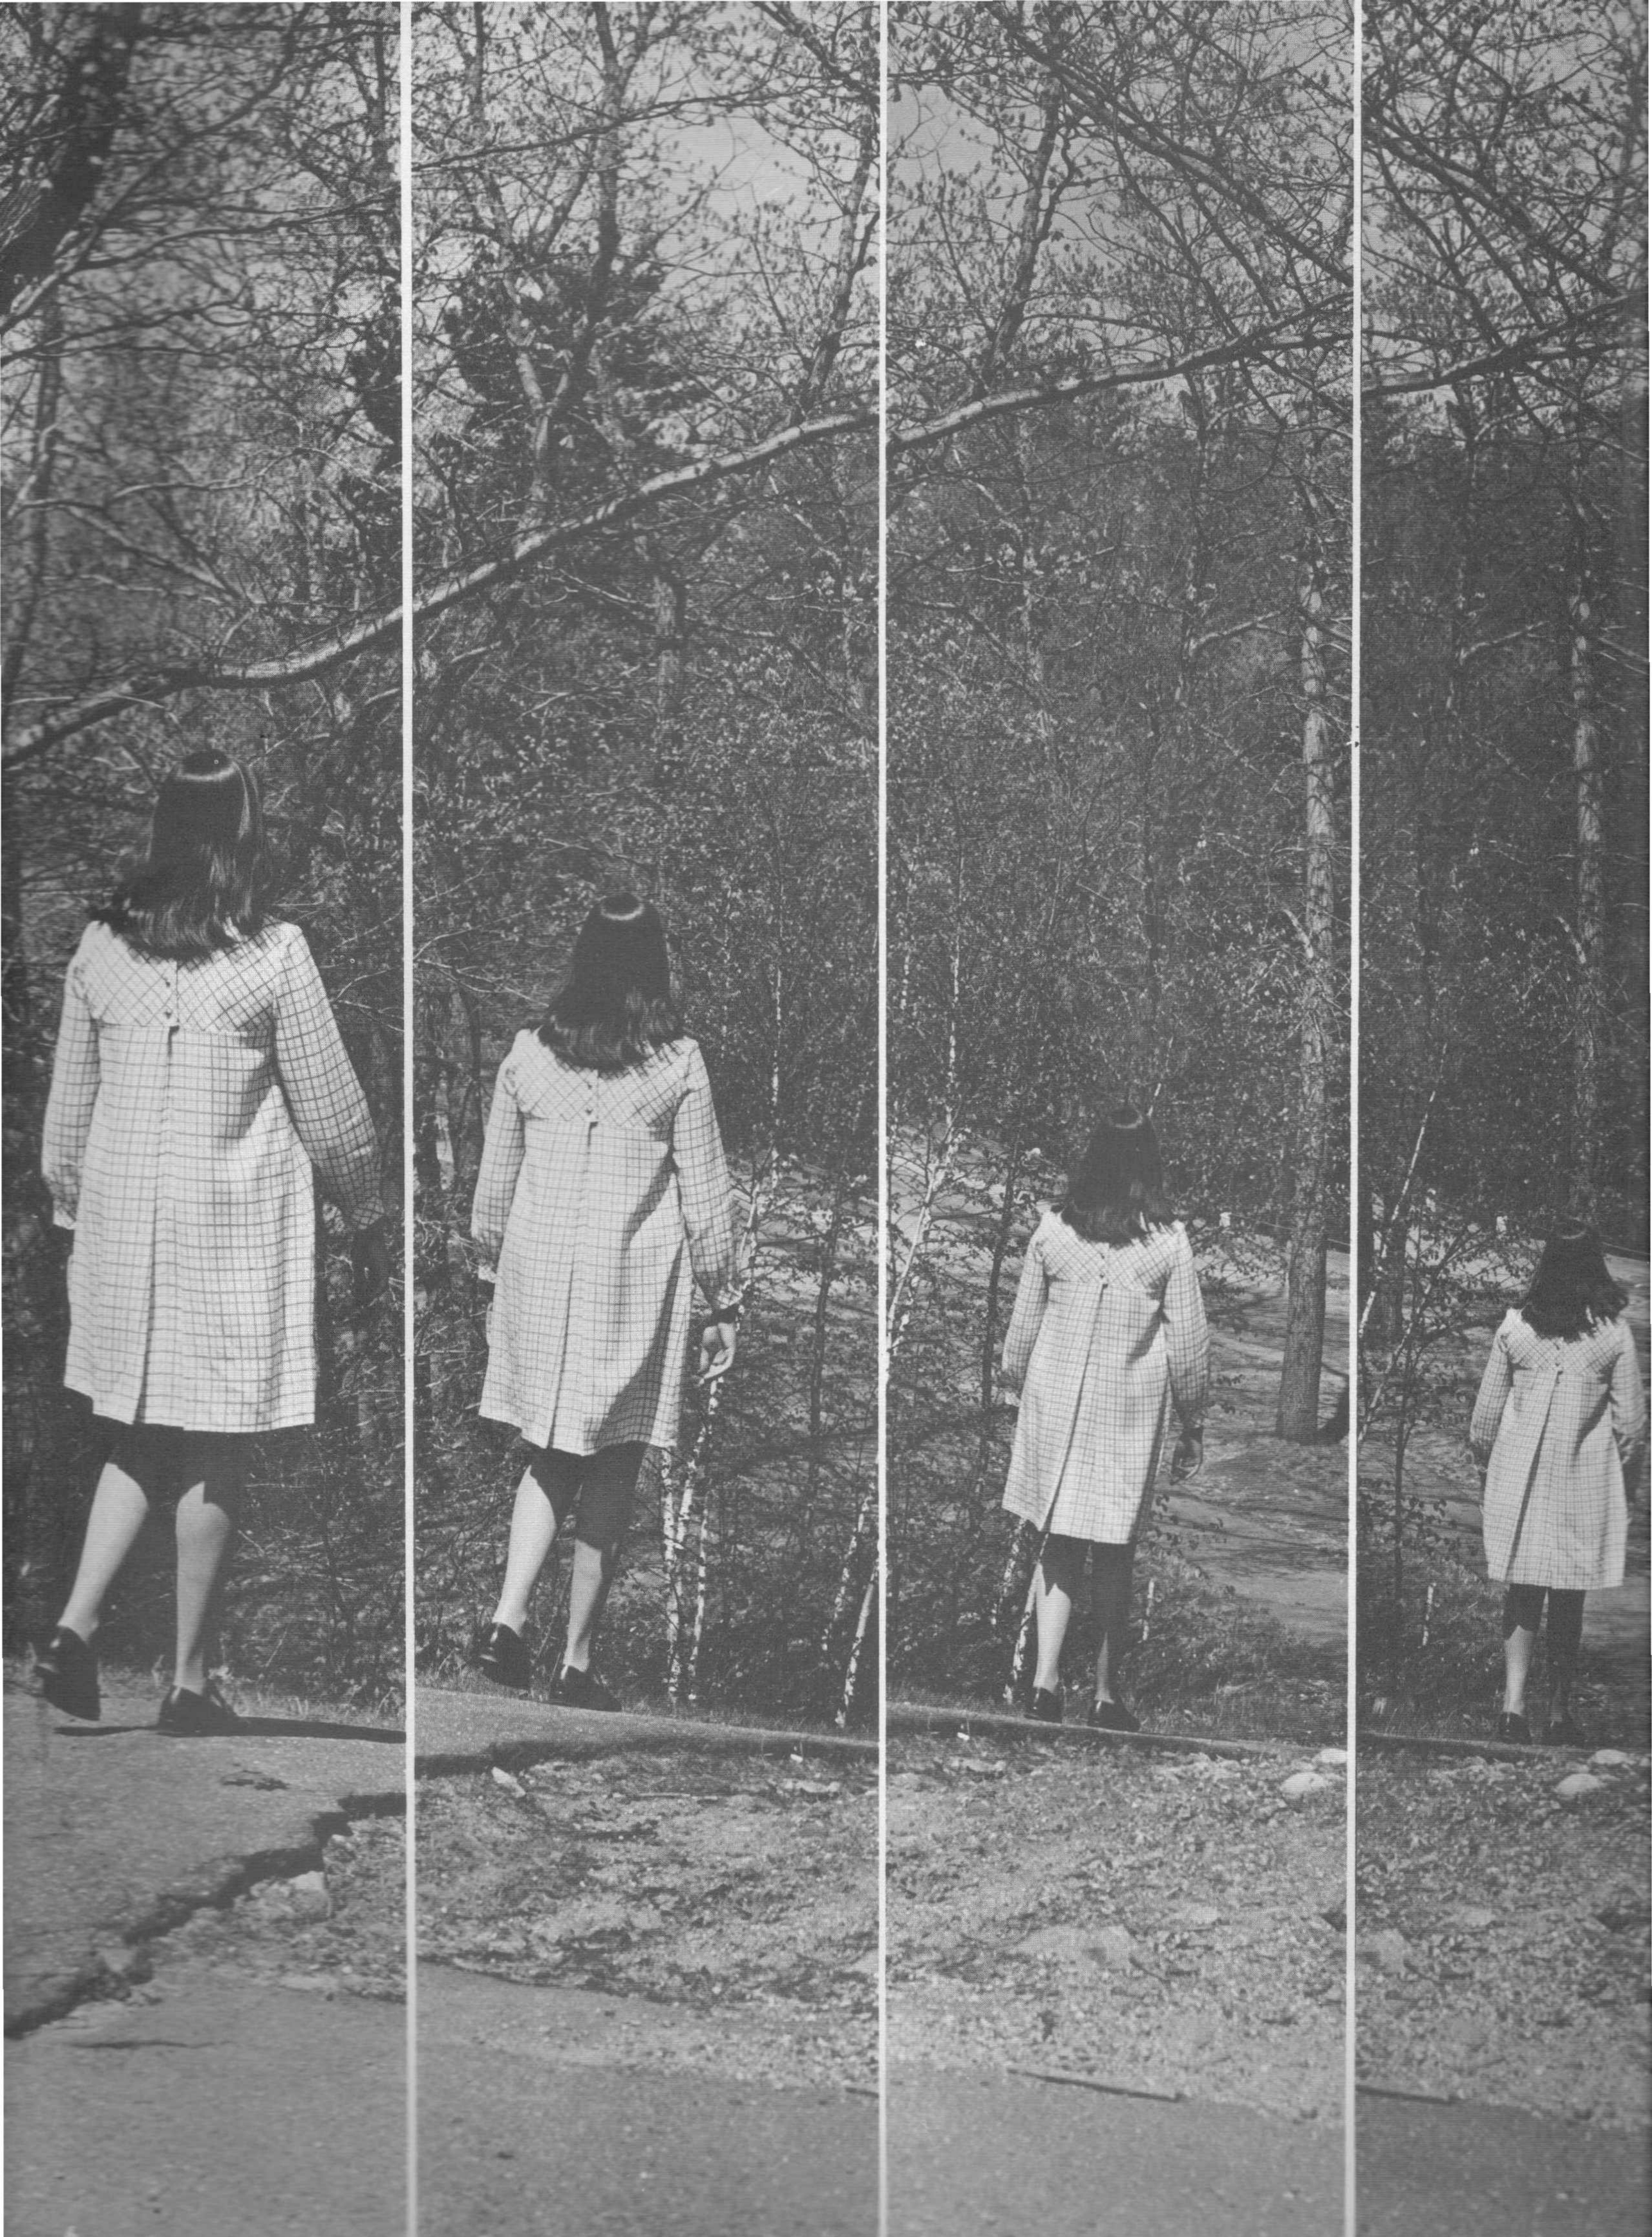

I

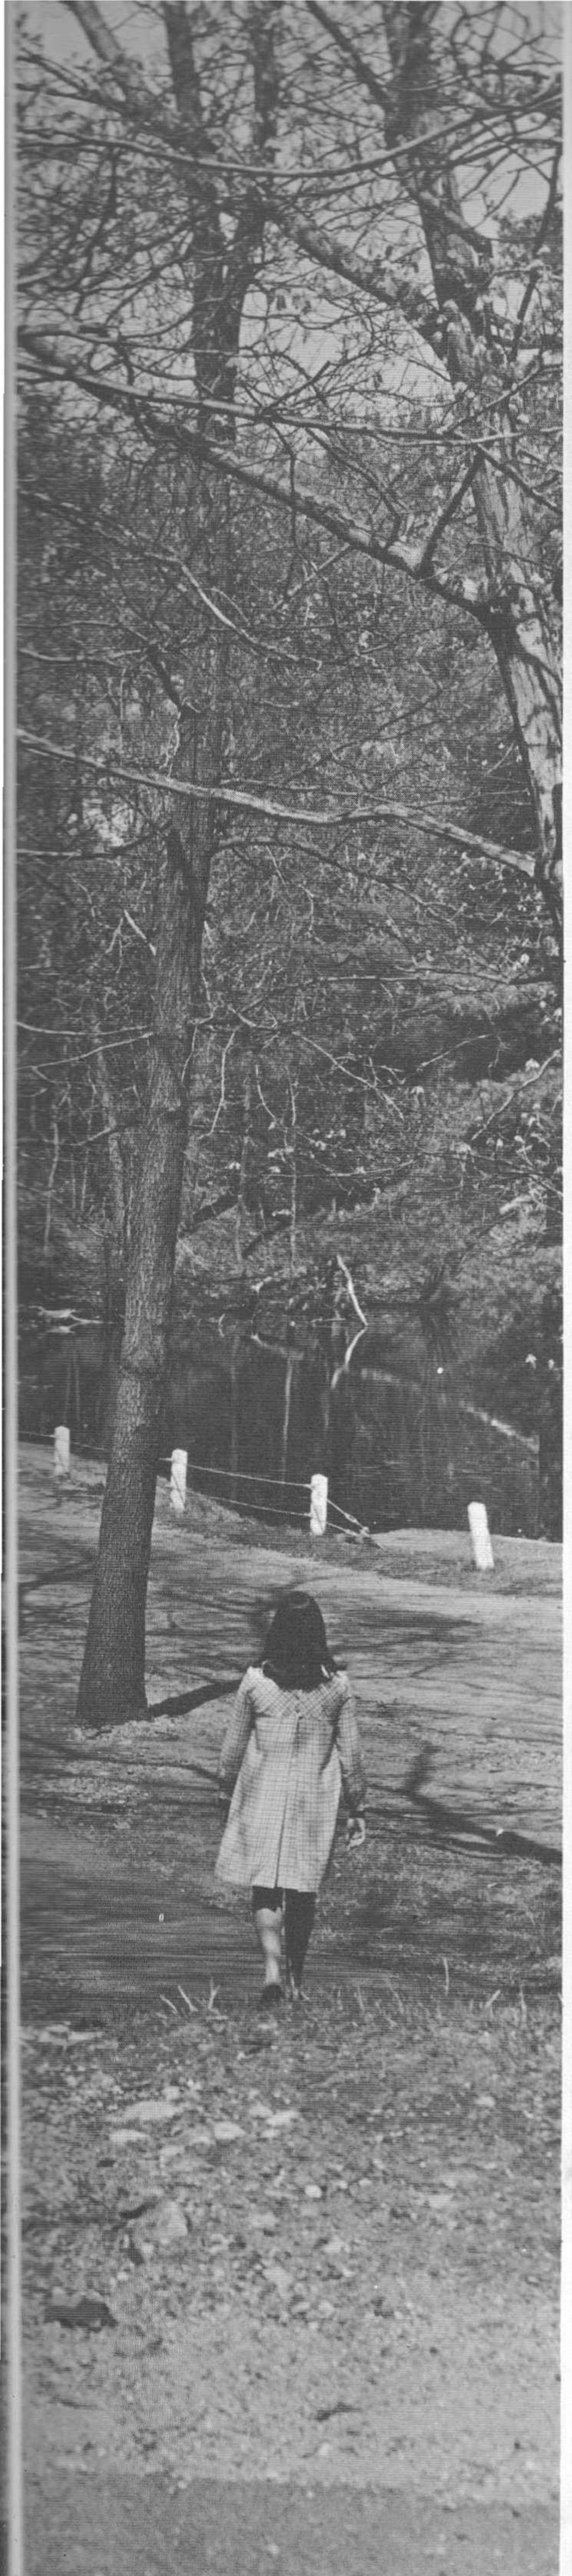

have

met."

Tennyson

"Afoot

and

light-hearted

I take to

the open

road,

Healthy,

free,

the world

before me,

the

long brown

path

before me

leading

wherever

I

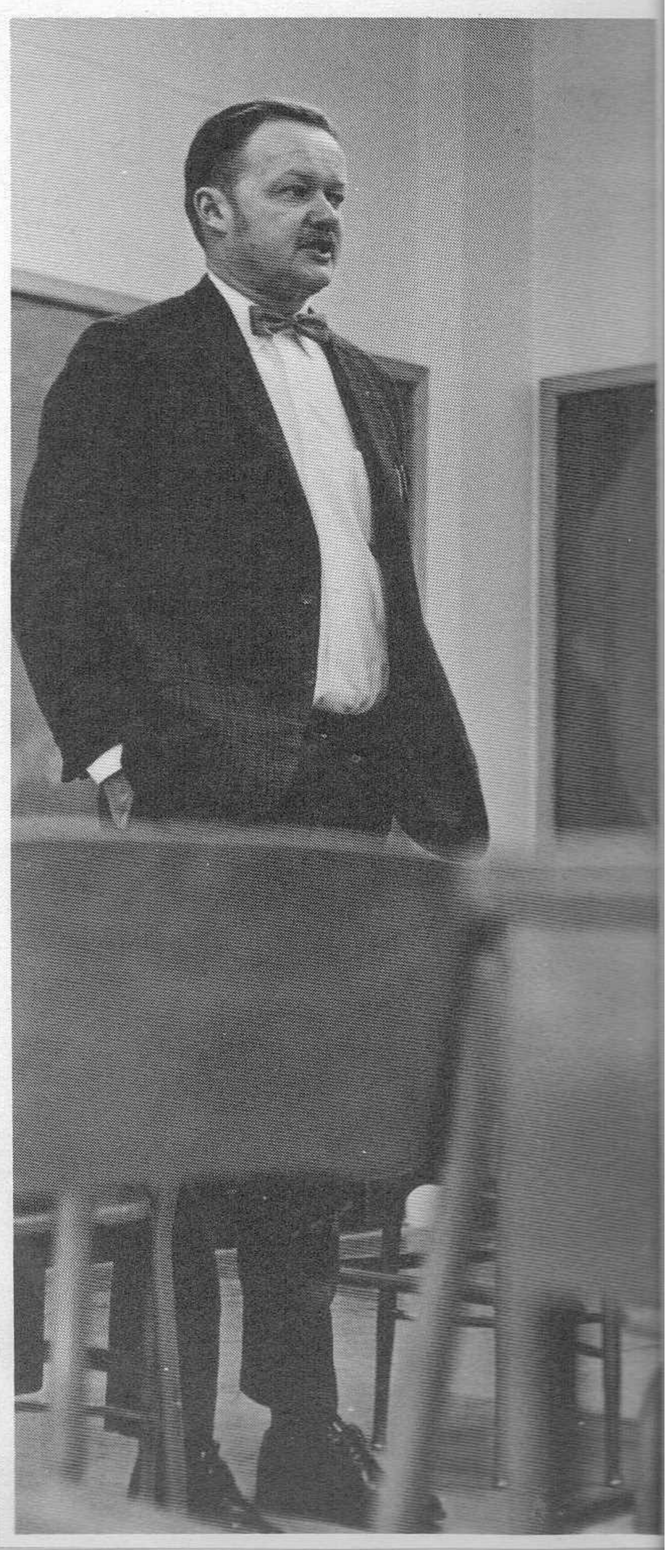

choose."

Whitman

"To those who know thee not, no words can paint; And those who know thee, know all words are faint!"

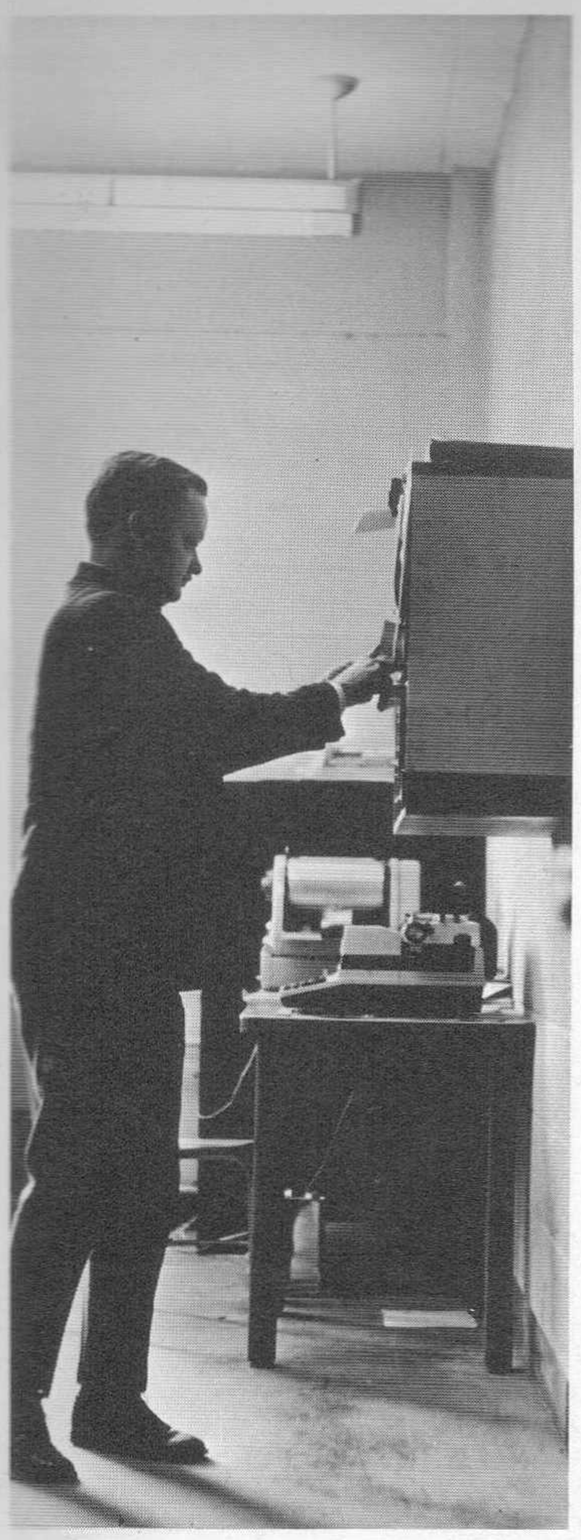

Moore

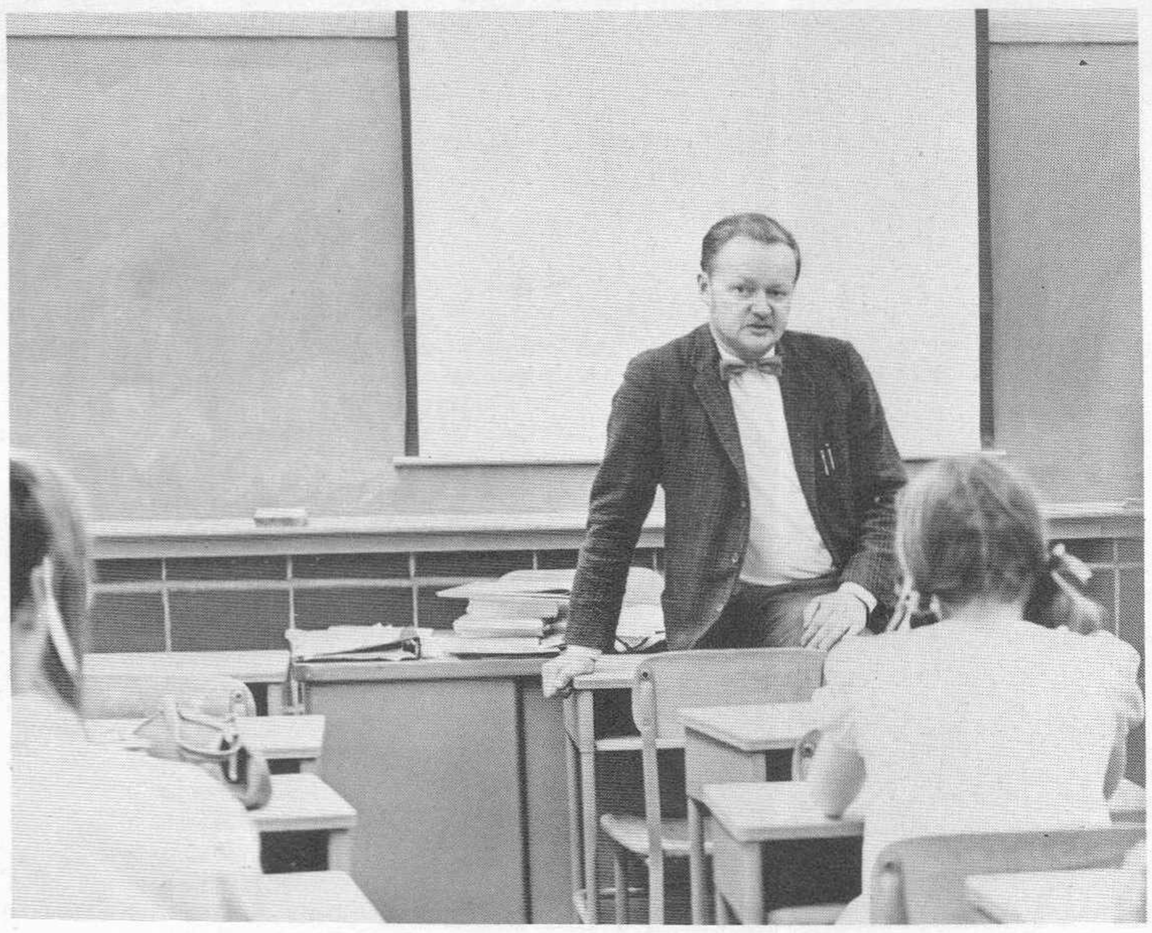

We, the members of the class of 1969, would like to show our appreciation to Mr. Harrington, by dedicating our yearbook to him.

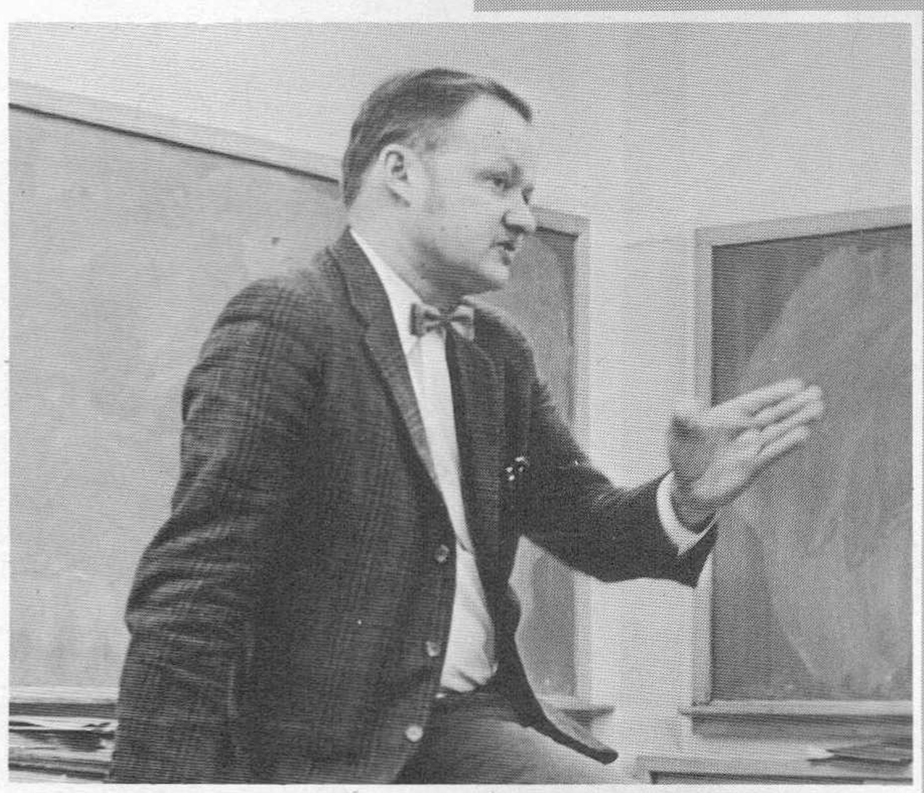

A graduate of Boston College he received his Bachelor of Science degree and his Masters degree in Education. In 1962 he came to Natick High School and since then has been serving as a teacher in our English Department. Among his activities he was a Class Advisor for the class of 1966.

Aware of our concerns as students he has been most helpful in our 3 years at Natick High School.

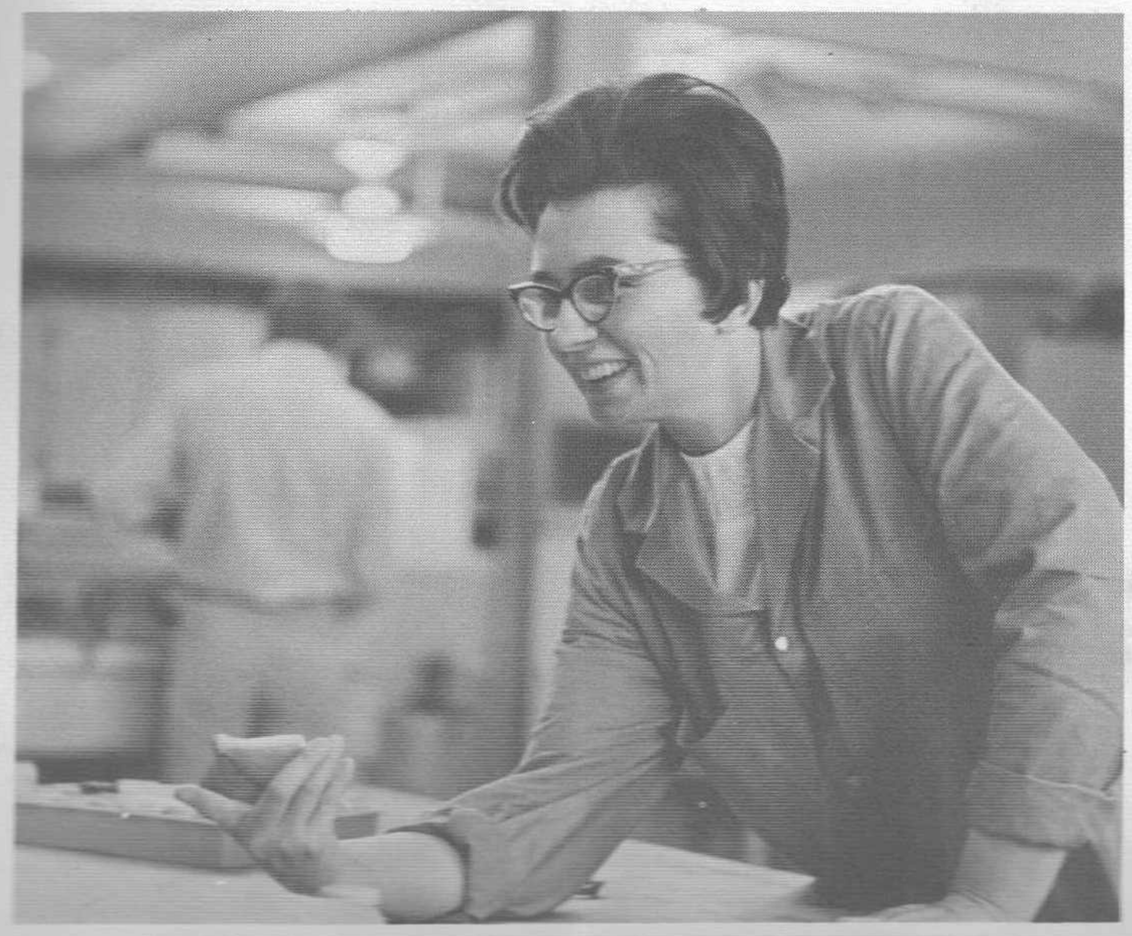

"You must look into people as well as at them."

Class Advisors

MR. RICHARD MANNIX

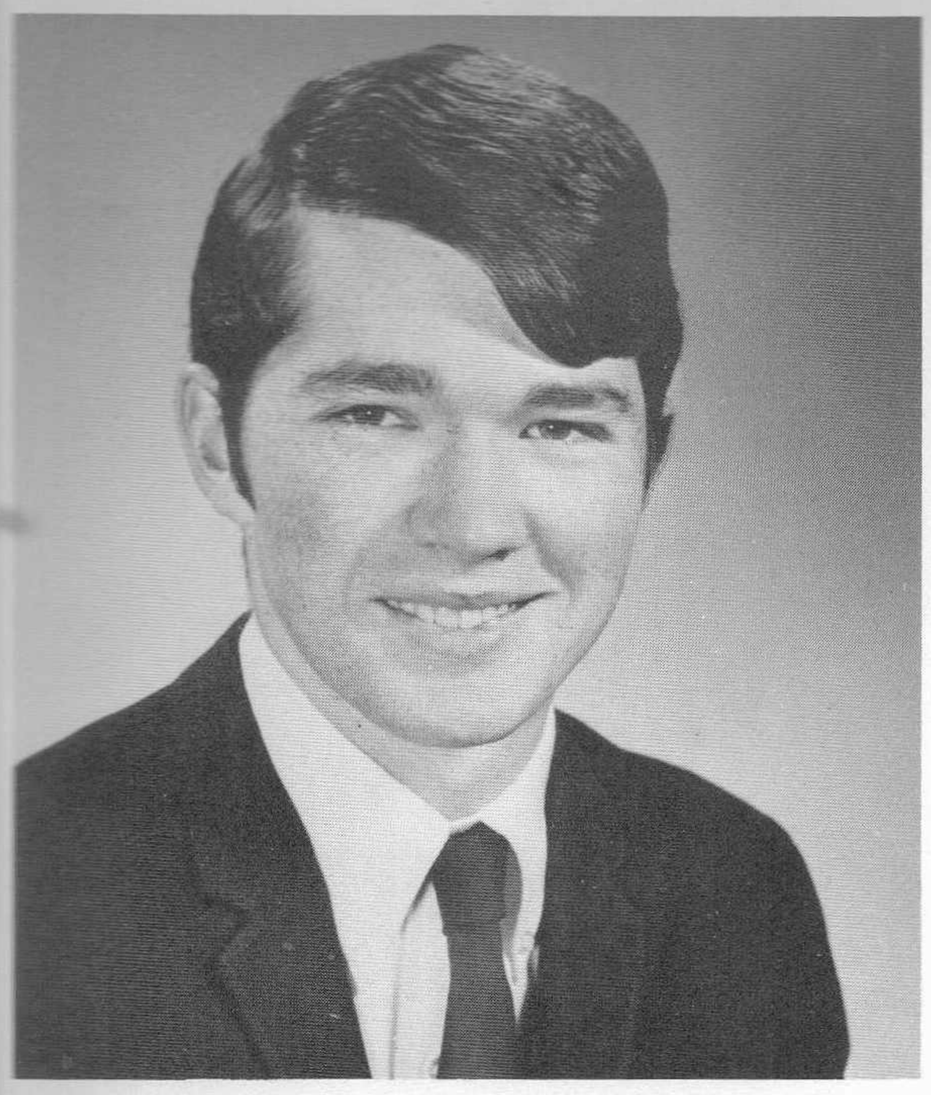

We, the class of 1969 would like to extend our sincere appreciation to Mrs. Lourdes Javier and Mr. Richard Mannix for all they have done to help us in these three years here at Natick High. May we prove in our future years that their sincere interest and trust in us as individuals was not in vain.

We wish them the very best in the years to come and hope that others might benefit from their patience and understanding as we have.

WALTER RAMOS

Walter came to America from his home in Piura, Peru. Before he arrived in the United States, he had the idea that all Americans were millionaires, but now he finds out differently!

In Natick he finds everyone friendly and willing to lend a helping hand. He likes the idea of choosing his own school subjects.

Walter's first ambition was to be a diplomat, then he changed his mind and now wants to study factory administration.

Along with Walter's many activities, he has given many talks in the school and outside the school on his country and his hometown. We thank him for broadening our world and we wish him the best of luck in the future.
